MORE THAN
JUST AN AIRCON.
A CARRIER.

LOW ELECTRICITY CONSUMPTION

GENUINE PARTS

RIGOROUS TESTING

TRAINED TECHNICIANS

24/7 CALL CENTER
Stop worrying about your monthly electricity bill

**Carrier Optima**
Lower electricity consumption is equal to higher savings. Since Carrier Optima consumes the lowest electricity consumption among non-inverters, you can be assured of getting higher savings every month.

Beat airborne pollutants to enjoy uninterrupted comfort

**Carrier i-Cool Green Timer**
Airborne pollutants can trigger an allergic reaction. With the Carrier i-Cool Green’s exclusive 8-in-1 air filter system, you can be assured of the air that’s free from bacteria, molds and fungi.

**Highest Electricity Savings among non-inverters**

*Based on rated specifications on power input and typical usage of 8 hours per day for 30 days at P10.39 per kWh.

**Plus get additional 40% savings when you use the timer and Energy Savings Plug**

**Key Features:**
- 12 Hr OFF Timer
- Energy Savings Plug

**With an exclusive 8-in-1 air filter system that neutralizes free radicals, removes odor, molds and fungi from the air**

- **Zoelite/Activated Carbon**
  Removes volatile organic compounds, bacteria, and removing gas, smoke and odor from the air.

- **Ginko Extract Filter**
  Help reduce agents that can cause allergic reactions.

- **Sasa Filter**
  A bamboo extract with bacterial and viral deactivation properties.

- **Vitamin C Filter**
  Neutralizes free radicals and converts “active oxygen” to oxygen, preventing increase of melanin which causes dark spots on skin.

- **Bio-Enzyme Filter**
  Helps eliminate bacteria, viruses and molds.

- **Electrostatic Filter**
  Antiviral/antioxidant qualities with deodorizing features and an anti-bacterial property.

- **Anti-Mold Filter**
  Prevents the formation of molds and other fungi that cause allergies, infections and toxicity. It also removes larger solid particles and dust.

**Low cost to operate at P3/hr**

*Based on test conducted using 1.0 hp, 18°C high fan speed setting, 8 hrs. night time use. P10.38/kWh electricity rate.

**Plus get additional 40% savings when you use the timer and Energy Savings Plug**

**Key Features:**
- 12 Hr OFF Timer (0.5 to 2.5 hp)
- 24 Hr ON and OFF Timer (1.5 to 2.5 hp)
- Energy Savings Plug
Fill the room with comfort

Carrier i-Cool Green Remote TD
Carrier i-Cool Green's horizontal air vent allows you to distribute cool air in 20% more space. Plus, with low cost to operate and fully loaded features, you can be assured to get absolute comfort.

Beat airborne pollutants to enjoy uninterrupted comfort

Carrier i-Cool Remote SD
Airborne pollutants can trigger an allergic reaction. With the Carrier i-Cool Green's exclusive 8-in-1 air filter system, you can be assured of the air that's free from bacteria, molds and fungi.

20% larger air distribution

Carrier i-Cool Window Room Air Conditioner
The wide horizontal vent allows a wider and better distribution of cool air around the room.

Conventional Window Room Air Conditioner
The side vent only allows cool air to be distributed to certain areas leaving some spots untouched.

Low cost to operate at P25/hr*

*Based on test conducted using 1.0 hp, 18°C High Fan, 8 hrs night time use, P25/25 kWh electricity rate.

Plus get additional 40% savings when you use the timer and Energy Savings Plug

Key Features:
- Remote control
- Energy Savings Plug
- Econo Feature
- Sleep Mode
- Turbo Function

With an exclusive 8-in-1 air filter system that neutralizes free radicals, removes odor, molds and fungi from the air

Bio-Enzyme Filter
Helps eliminate bacteria, viruses and molds.

Ginko Extract Filter
Help reduce agents that can cause allergic reactions.

Zeolite/Activated Carbon
Removes volatile organic compounds, bacteria, and removing gas, smoke and odor from the air.

Sasa Filter
A bamboo extract with bacterial and viral deactivation properties.

Vitamin C Filter
Neutralizes free radicals and converts "active oxygen" to oxygen, preventing increase of melanin which causes dark spots on skin.

Electrostatic Filter
Antiviral/antioxidant qualities with deodorizing features and an anti-bacterial property.

Anti-Mold Filter
Prevents the formation of molds and other fungi that cause allergies, infections and toxicity. It also removes larger solid particles and dust.

Low cost to operate at P3/hr*

*Based on test conducted using 1.0 hp, 18°C High Fan, saving setting, 8 hrs night time use, P10/25 kWh electricity rate.

Plus get additional 40% savings when you use the timer and Energy Savings Plug

Key Features:
- Remote control
- 24-Hr Off Timer
- Energy Savings Plug
- Sleep Mode
- Turbo Function
Choose the one you can trust to give you at least 40% real inverter savings
